

REPORT OF THE EQUITY COMMITTEE – 2010

The Equity Committee has pursued its activities since the last congress. The committee is composed of Jason Blahuta, Christine Daigle (Chair), Kevin Gray, Christinia Landry, Frances Latchford, and Marie-Ève Morin.

1- Qualitative Survey on Equity in Canadian Philosophy Departments

Following the preliminary report detailing key findings of the survey, which we produced at congress last spring, we have identified certain areas that we wish to analyze in-depth. Some members of the committee have begun this analysis and we plan to be in a position to disseminate some of these results at the next congress.

2- Organization of the equity session at congress 2010:

Some members of the committee have undertaken to organize the equity session to be held at the next meeting of the CPA. Samantha Brennan, Margaret Denike and Alexis Shotwell will be our presenters.

3- Composition of the committee:

The committee is looking for new members for next year. The chair of the committee announces that after 6 years as a member of the committee, 3 of which as chair, she will leave the committee at the next CPA meeting. The members of the committee will elect a new chair.

On behalf of the Equity Committee,
Christine Daigle, Chair
