Our ever popular Sifu Paul returns for his annual presentation and discussion – this year focusing on the upcoming Year of the Earth Boar. Mr. Ng learned the art of Geomancy and life-charting in Hong Kong in 1976 where he studied under several retired masters. Mr. Ng holds a Bachelor of Mathematics (Computer Science) Degree from the University of Waterloo (1972) and a Diploma in Business Administration from the University of Toronto (1974).

Geomancy, the art of placement, is more widely known as Feng Shui. To quote from Mr. Ng's website (www.paulng.com) "Feng Shui literally means wind and water. It is based on the views held originally by poet Po Kwok about 1,700 years ago. Those views sustain the theory that when positive energy is correctly handled in a house, good luck follows as a matter of course. In his daily practice, Master Ng conducts his Feng Shui survey by staying within the boundary of its intrinsic values."

Paul has many more interesting views on Canada's economic and political future. He will also discuss the prospects for China, the US and the rest of the world. As usual, Paul will also briefly forecast the twelve horoscopes. Please join us for this very popular annual event.

As is our usual practice, this event will lead off with our usual "Business Networking" activity - an ideal time for all in attendance to "sell", promote, develop new customer relationships, etc. So please come prepared to participate fully, and, of course, bring your Business Cards. All our HKCBA events are specifically focused on offering our members networking/business building opportunities.

To register, please fill out the form below and send it to us via one of the following methods:
