f. New Grant Review: Ritchies Primary ROPE education project. Evaluation results attached.

- Suggested revisions made by the Board:
 - 1) Participants need to be signed up in advance (FOJ does not want to be in a situation where we provide funding for 15 participants but only 10 show up).
 - 2) Cut costs for food, suggest \$300 for kids. Should try to find in-kind alternatives for food, a good way to get community buy-in.
 - 3) FOJ would not fund this project sustainably. If approved it would likely be only for this one time.
 - 4) Why was math the chosen subject?
- Adam will follow up with applicant.
